out to the Three-Mile locks in the afternoon to witness the operation.

At 4:35 P. M., the necessary preparations having been made, the southern furnace charged with wood and light kindling material, Master Charles Haggerty, to whom the duty of lighting the first fire had been entrusted, struck a match and set off the charge. In a few minutes there was a blazing fire, the coal was shovelled in, and great volumes of black smoke poured out of the high stack. The débris on the ground in the vicinity of the boilers was now cleared up, and piles of coal made near the furnance doors to be ready when the other fires should be lighted.

At 5:30 P. M. the steum-gauge indicated whom it is the "counterfeit presentment,"

Mr. Tomlinson, during the recent negotia-tions for the new steam-pump, visited the North and tested the boilers, pipes, etc. Colonel Cutshaw was very well satisfied with the working of the pump last night, and he is under the impression that it will perform the duty guaranteed-six million gallons in twenty-four hours; but still, in the course of a week or ten days, an exact measurement will be made to see that the contract is fully complied with in this par-ticular. The old steam-pump at Hollywood
